September 20, 2005

I would like to record my appreciation for the Sky Shades Structure, which has been installed at my business. It has been a pleasure doing business with your team, who from design to completion, including the after hours installation, have impressed me with their true professionalism.

The design "wow" how could I be anything but pleased. It transformed my facility into a place people want stop and see what's going on and have commented that it looks like "art" or a "work of art." I can't believe the reactions.

More importantly, these structures have increased the number of 'drive-in' customers wanting to have their cars detailed or just cleaned. This has lead to an increase in volume of 18% since they were installed, which means that the Sky Shades will pay for themselves in no time.

Staff retention has always been a nemesis in my business over the past 17 years, however since the installation my staff have appreciated the improved cooler working conditions, which has resulted in their increased productivity and they 'feel-good' about working at Images. This has lead to a 6% decrease in my labor costs. I have also had an increase in the number of applicants looking for work.

All in all, I know that these Sky Shades have given me increased curb appeal, which has helped attract more customers, and has created a more comfortable atmosphere at my business.

Thank you Sky Shades, I would not hesitate to call upon your organization when I next wish to upgrade my premises.

Sincerely,

A handwritten signature in black ink, appearing to read "Jeff Bonyng", written over a horizontal line.
